

Let's lay our cards on the table  
My vessel's headed outbound  
And it will leave you drowned  
My blood is running in your veins  
Never trade it away, there's a mark on your heart  
That lifts you up from the ground

Summer gone, you're all too late  
That you'll be mine, was just a lie  
You never came  
Dreams all gone  
Thanks for fading away  
It's about time that you repay  
All you chose to take

I'm so washed out now and weary  
You're still holding on, but please let go of me  
You can tear off your fair share of me  
Never trade it away, there's a mark on your heart  
That lifts you up from the ground

Summer gone, you're all too late  
That you'll be mine, was just a lie  
You never came  
Dreams all gone  
Thanks for fading away  
It's about time that you repay  
All you chose to take  
Chose to take

Goodbye  
Goodbye  
Goodbye

Summer gone, you're all too late  
That you'll be mine, was just a lie  
You never came  
Summer gone (summer gone)  
You're all too late (you're all too late)  
That you'll be mine, was just a lie  
You never came  
Dreams all gone (dreams all gone)  
Thanks for fading away (thanks for fading away)  
It's about time that you repay

You chose to take  
Goodbye
