

My Due

Axe Murder Boyz

Paid my due

Got an ounce of purple in my pocket
Today we gonna burn most of it
Out in Colorado we be smoking in public
Finna flip the shit around like a pop shove it
I'm like f*ck it, get paid
Roll around the city with a switchblade
Looking for a murder come and get me
I ain't gonna rest until the rents paid
New shit, I'm all about that
Finna shoot bitches who wanna holla about rap
Haters wanna bring it to me need to fall back
I could put a couple of bullets in your baseball hat
Ima be coming to every city on the map
Kill the stage, get a stack, then I put it right back
And I'm bringing you more of that dopeness
Young Wicked and Bonez Dubb we focus
And anybody out there tryna hoe us
You the reason that a Juggalo wrote this
Before I end up broke and homeless
I'm coming up for whatever you holdin'
Cause I

I came here for everything, gimme my due
Cause there ain't no saying what a killa might do
Some don't believe in me, they say it ain't true
But now you saying nothing cause they can't find you

Ima come through when I'm supposed to
Never gave up like most do
Don't matter what the f*ck I'm coming through
Got a sip in my cup and I'm swerving too
Pulling up to the red light and see the 5-0 roll up
And I'm like so what
That I got hella shit stuffed up in my truck
Weed smoke blowing out the window
The Indo keep me on my game
Never gonna let a little fame to the head
You can see where my faith remain

Murdering shit right quick and I clip out
