Axe Murder Boyz

What? Uh

Bear with me, that youre the only one bleeding
Niggas shout off in the sky like its death season

f*ck the demon, Im a kamikaze killer
Ill be rapping till the planet got a villain (swerve)
Through the inner state Im always on the run (true)
She sucking dick, because thats really what I have (you do know how)
Everybody whiling because theyre with us (Lets go!)
Get them with them other f*cking greatest (Lets roll)
Somebody to the ground like I dont give a f*ck
.. dont forget to pick them up!
Oh, how come when I wake up all I wanna do is die?
Can you see the pain through the look in my eyes?
I do with ... and now you wonder why
Underdog bone with the will to survive
When the world is turning to ash
When your body is turning to grass
Imma be kicking that ass
Wow! .. to be walking the street
Ill keep on murdering the beats
And looking for something to eat, like
Roaches (roaches)
Cause youre made to survive
Roaches (roaches)
Cause we dont never die!
Cause we dont never die!

When your body is dead as... and the roaches no more
Imma, Imma still be mobbing
Imma still be mobbing!
When your body is dead as... and the roaches no more
Imma, Imma still be mobbing
Imma still be mobbing!
Mobbing, mobbing, Imma still be mobbing!
Mobbing, mobbing, Imma still be mobbing!
(Like roaches, roaches)

Were like roaches, were sick and hidden
When the world burns, well be only ones that be living
Grinning cause Im winning
Got my clique with me killing
Cause when youre .. then you know theres one man chilling
You dont even know whats come and break into your f*cking houses
Living in them bitches, sleeping on your f*cking couches, dont doubt this!
Im the one holding the exes out
The fact is know they hit me, cause Im smashing bitches out
f*cking with the diamond, youll be f*cking with the ones
Hold the fire, watch that bitch, burn with their suns
f*ck the law cause Ill be on the run
And youll know that Ill be smoking till the f*cking line is done
Dont take it lightly, see, were running up when its a fall out
