## Axe Murder Boyz

They say I never amount shit  
I told them my dreams, they doubted it  
Screamin' on the stage, I'm shouting shit  
Livin' on tourm, now that's a risk  
f\*ck anybody who we're about to fresh  
f\*ck anybody who we're about to fresh  
We ca f\*ck them, f\*ck them, f\*ck them  
Anybody whoever doubted me  
All of that negative shit sorrouded me  
Livin' with haters ,ain't got nothing to do  
We keep it fresh, we stay right

Killin' everybodt is my only purpose  
Bitch, but your wax is up  
I say to stick them up  
Drop them like they're black as f\*ck  
Me and my brother get the mic and they pack it up  
I can't get enough, all of you are mad as f\*ck  
You're tryin' to get into it becasue

You're tryin' to bring that poison into my life  
But that got no effect on me  
Cause I shine, cause I shine  
You're tryin' to bring that poison into my life  
But that got no effect on me  
Cause I shine, cause I shine  
Cause I shine  
You bitches run out of luck cause you wanted to see all the blood  
I smoke you out like we're doing this now  
I can see when you'd be lying  
You'll be tryin' but I won't let that happen now

We just spot up and get some dope  
Like I set up your bitch just because she thinks I'm rich  
We don't make rhymes , we make this legalized  
Ifresh light, I have to go down with my legacy  
And it has to be protected with this f\*ckin' AMB  
See, she's never with you but she's always around me  
You can't f\*ck with AMB , we're smokin' that tree while you...

You're tryin' to bring that poison into my life  
But that got no effect on me  
Cause I shine, cause I shine, shine  
You're tryin' to bring that poison into my life  
But that got no effect on me  
Cause I shine, cause I shine, shine

I need to shine, I got to shine  
I got to shine, I need to shine, I got to shine, shine  
I got to shine, I need to shine, I got to shine, shine  
I need to shine, I got to shine  
I got to shine, I need to shine, I got to shine, shine  
You're tryin' to bring that poison into my life  
But that got no effect on me  
Cause I shine, cause I shine, shine  
You're tryin' to bring that poison into my life  
But that got no effect on me

Cause I shine, cause I shine, shine
