

# Hang On

Axe

It's been so long since I've seen your face  
It's been so long since I've touched you  
I've dreamed so long of your warm embrace  
I'm telling you that I love you

And loneliness of the heart  
It comes upon me when you're away  
Now that we're together  
I'm so happy that I can say

Hang on, hang on forever  
Hang on, hang on so tight  
Hold me, hold me forever  
Hold me, hold me tonight

Hang on, hang on forever  
Hang on, hang on so tight  
Hold me, hold me forever  
Hold me, hold me tonight

It's been so long since you've called my name  
So long that I can't remember  
Your eyes tell me that it's not a game  
I know you'll love me forever

And loneliness of the heart  
It comes upon me when you're away  
Now that we're together  
I'm so happy that I can say

Hang on, hang on forever  
Hang on, hang on so tight  
Hold me, hold me forever  
Hold me, hold me tonight

Hang on, hang on forever  
Hang on, hang on so tight  
Hold me, hold me forever  
Hold me, hold me tonight

Hang on, hang on forever  
Hang on, hang on so tight  
Hold me, hold me forever  
Hold me, hold me tonight

Hang on, hang on forever  
Hang on, hang on forever
