

Just Walk Away

Axe

You can't imagine the feeling
You can't imagine the pain
You can't imagine the hurtin' inside
To know I'll never see you again
You can't steal the sorrow
You can't borrow the tears
You can't find the love that you lost
And tried to hide through all these years
So just walk away
Just walk away
Just walk away
It's over now
You can't imagine the hours
I've tried to imagine you'd change
Like stopping the sands in the hour glass
It's something I can't arrange
You can't imagine the courage
It takes to admit that you're right
Don't try to tell me our love can be saved
Two wrongs never make a right
So just walk away
Just walk away
Just walk away
It's over now
You can believe that you're gonna be free
But you know it's a lie
How can you say that you're free
When you're chained to the life of good-bye
So just walk away
Just walk away
Just walk away
It's over now
