

## Let Me Know

Axe

Don't get me wrong  
I'm not so strong  
That I don't need you by my side  
But I'm not the kind  
To act like I'm blind  
And hold all my feelings inside  
Let me know  
Have we gone as far as we go  
Have we reached the end of our road  
Let me know  
I won't pretend  
That love never ends  
But don't give it up  
Till we've tried  
I'm just a man  
Who can't understand  
Why your love for me  
Seems to have died  
Let me know  
Have we gone as far as we go  
Have we reached the end of our road  
Let me know  
Something is dying here  
From deep down inside  
Let's work it out before it's too late  
If love is to grow  
Please let it show  
Don't make us wear a disguise  
I can't conceal  
The pain that I'd feel  
To know that your smiles  
Were just lies  
Let me know  
Have we gone as far as we go  
Have we reached the end of our road  
Let me know
