

Save Our Love

Axe

Have we gone too far
Have we lost our way
Is the road so long
That we can't go on
Have we reached the end
Is it said and done
Is this good-bye
Can't we just try
To save our love
Save our love...
Is the love we shared
Only yesterday
Have the dreams all died
For the years we tried
Does the light still shine
Is there no chance
Must it be good-bye
Can't we just try
To save our love
Save our love...
