

Beach

Axel Flovent

Don't lose any hope
It will arrive soon
Don't lose any love
If you know the song the wind is singing
You have to move on
To a different place to rest your head
Wooh-hu-wo-oh
Wooh-hu-wo-oh
Wooh-hu-wo-oh
Wooh-hu-wo-oh
Wooh-hu-wo-oh
Wooh-hu-wo-oh
Wooh-hu-wo-hu-woh

It makes me wonder why
Your lies are gone now
How can you face respective thoughts
And watch them die in birth
The thing is not to cover it
You have to let it shine
I know it's kinda hard to fall
But you have to trust them all

The beach is burning
Even though it's raining
Your screams are killing
But you don't have a clue
Oh-oh-oh-oh

How can you spread the thoughts
Without even caring
Why would you make her cry
How can you just leave

The beach is burning
Even though it's raining
Your screams are killing
And you don't have a clue
No-oh-oh-oh

The beach is burning
Even though it's raining
Wo-oh-oh
Your screams are killing
And you don't have a clue
No-oh-oh-oh-oh
