

This Feeling

Axel Flovent

Summer, you came when I quit my tendency
To over analyse
Best of all you knew my face from while ago
But you did not tell me then
I had to leave for the work that I do
But I didn't stop thinking about you
Sorry if I'm quiet, I'm just overwhelmed
Aren't you?

But I can't describe this feeling, this feeling for you
I can't describe this feeling, this feeling for you

Still it changes, still it breaks
I'm just glad we found this day together
I can't let you in on my thoughts
Because I change my heart too often
And I don't want to scare you away
So I lie, like it's any better

And I can't describe this feeling, this feeling for you
I can't describe this feeling, this feeling for you

I can't describe this feeling for you
(Describe this feeling, can't describe this feeling)
I can't describe this feeling, this feeling for you
(Describe this feeling, can't describe this feeling)
I can't describe this feeling, this feeling for you
(Describe this feeling, can't describe this feeling)
I can't describe this feeling, this feeling for you
(Describe this feeling, can't describe this feeling)

For you
