Innocent Child

Axel Rudi Pell

Hangin' out on the street With a face full of tears I couldn't understand why He puts me down in a hole I don't know where to go That's tearin' at my soul

Endless pains goin' far too long Broken souls could never be so strongagain

I'm an innocent child
Hear me calling
I'm an innocent child
Hear me calling
I'm an innocent child
Hear me calling
Innocent child
Hear me calling

The nice guy was calling
He taught us not to fear
And don't go cryin' to others
He was bad to the bone
With a heart made of stone
Naked bodies all alone
