

No Compromise

Axel Rudi Pell

Hear them coming
At the end of the broken line
Hear them screaming
They can't stand the test of time
Gimme hope and believing
When they call out your name
Searching for peace and no destruction
All our life's on the edge

You better realise
They're coming out of nowhere
Trying to hypnotise
You better say a prayer

Shout it out loud
There is no compromise
Shout it out loud
A devil in disguise
Shout it out loud
There is no compromise
Shout it out loud
You better run, take that advice

Better start a new life
On the ashes of the old
Praise the dead and take your wife
Before it's getting cold
Dancing on the edge of darkness
Rambling on the ground
Don't look back at the burned up star
You'll be lost, never found

You better realise
They're coming out of nowhere
Trying to hypnotise
You better say a prayer

Shout it out loud
There is no compromise
Shout it out loud
A devil in disguise
Shout it out loud
There is no compromise
Shout it out loud
You better run, take that advice
Take that advice!

You better realise
They're coming out of nowhere
Trying to hypnotise
You better say a prayer

Shout it out loud
There is no compromise
Shout it out loud
A devil in disguise
Shout it out loud

There is no compromise
Shout it out loud
You better run, take that advice
