

Visions in the Night

Axel Rudi Pell

Are u laughing, are u crying
do u know who u are?
if you're living well then y are u dyin'
your soul is sadly left & scarred

Slowly turning, u try 2 leave
before the dawn, u gotta see...

...See the visions in the night
future's brighter there 4 u
see the visions in the night
if you're looking 4 the truth

Are u wanderin', are u searching
4 the meaning of your life?
are u waiting, now are u fighting, everyday?
time just seems 2 past u by.

Empty lies & agony
before tomorrow u gotta see...
...within the visions of the night.
