

## Balance

Axium

Take your turn to lean on me  
I've leaned on you for so long  
Your words, they hide behind your age  
My words, they sing you this song

And I fall from this tightrope  
That you've walked a thousand times  
One step over two steps  
You're wise beyond your eyes

Walk away, its your time  
deny the tear in my eye  
Your memory will never die  
Your memory will never die

At peace I trust in you every step of the way  
To stay with me til the end of the day  
So move on to your tomorrow as we all say goodnight  
Cause you're my sense of balance for the rest of my life

Now I'm waiting on the words that I've never had the chance to  
tell  
So this is my I love you  
This is my Fare thee well

Walk away, its your time  
deny the tear in my eye  
Your memory will never die  
Your memory will never die

At peace I trust in you every step of the way  
To stay with me til the end of the day  
So move on to your tomorrow as we all say goodnight  
Cause you're my sense of balance  
for the rest of my life, rest of my life, rest of my life,  
rest of my life, rest of my life,  
rest of my life, rest of my life
