I feel the hot rhythm
I feel the hot beat
Of the wild life of rock 'n' roll

Travelling on roads
I've never seen before
And I feel the music in my soul

Every day another town
Every night another gig
And so many people to get to know

But you get no time for rest 'Cause you wanna be the best You give everything Tonight in the show

This is a rock 'n' roll paradise
And I hope it will never end
But when we finish our tour
And the last day has come
I will cry again, again, again and again

Gimme back - gimme back the paradise  $Gimme\ back\ -\ gimme\ what\ I\ want$ 

Gimme back - gimme back the paradise  $Gimme\ back\ -\ gimme\ what\ I\ want$ 

So many different places
So many different faces
Things are strange and new
And when I look behind
The pictures in my mind
Makes me feel
As if I drank a witches' brew

Gimme more from this drink It's a help for me to think About all that I've seen And I've learnt this time Music changes every mind Everywhere I've ever been

This is a rock 'n' roll paradise
And I hope it will never end
But when we finish our tour
And the last day has come
I will cry again, again, again and again

Gimme back - gimme back the paradise  $Gimme\ back\ -\ gimme\ what\ I\ want$ 

Gimme back - gimme back the paradise Gimme back - gimme what I want  $\ensuremath{\mathsf{I}}$
