Ay Em

Uh, Caucasian, but ain't bothered, I
Caucasian, then the plug came
Caucasian, said you want money
You was out, you was caught ravin'
There was girls, you were caught chasin'
Caught chasin', but I get it
It's hard to stay away from girls
Chase after money and stop chasin' women
That's like a dog tryna chase his tail
Word to Theo, multiply, multiply
Multiply, multiply, then I re-up
She said, "Where you goin'?"
Man, I'm tryna take you home and rock your boat just like Aaliyah
Rocked her boat, now I'm headin' home
In a Q8, smokin' B-I-G
Cue the smoke, I'm from that C-I-D
Niggas left, told 'em B-Y-E-E
I left 'em behind
I grab for my slice of the P-I-E
If I was you, I wouldn't be like me
I'm just a troubled man like T.I.

Washin' my sins off, tryna dodge calm
While got me doin' hide and seek
I woulda gave more of the work I get
But, bro, you came light this week
Gotta go studio, hit two two shots, and I gotta count this change
No wonder why I'm out so late, uh
The whole family got aim, got practice
Tellin' man that's no cap (Mm-hm)
Hunger Games like I'm Katniss
Active, said I've gotta watch my back (Mm-hm)
Who's that? Who knows
Fuck knows if I get pushed, do the Charlie Chaplin
I gotta rise up, got a white plug
And he calls me like, "Ayy, what's happenin'?" (Mm-hm)
I'm my neighbourhood hero
And, dawg, you are not qualified
Oh, I gotta deal with these weirdos
And, darling, don't apologise
On his side, you won
But I keep runnin' back on thin, not solid ice
I chase my pounds, not dollar signs
Ditch my runners and call a line, call a line

Caucasian, but ain't bothered, I
Caucasian, then the plug came
Caucasian, said you want money
You was out, you was caught ravin'
There was girls, you were caught chasin'
Caught chasin', but I get it
It's hard to stay away from girls
Chase after money and stop chasin' women
That's like a dog tryna chase his tail
Word to Theo, multiply, multiply
Multiply, multiply, then I re-up
She said, "Where you goin'?"

Man, I'm tryna take you home and rock your boat just like Aaliyah

(Tellin' man that's no cap)
(Just gotta watch my back)
(Just did the Charlie Chaplin)
(He like, "Ayy, what's happenin'?")
