

Lemonade

Ay Em

Huh, Brodie had the lemonade
Couple call ups, I ain't even moved a muscle, quickest rack I ever made
Told you bill the hash and not the cali coz it's just a better wave
I tell it straight
Balenciaga runners on the main
I keep it set for different days
I preeyed the game
Need to have it locked like Ella Mai

Ay yo, my first week home, I picked up 50k
Money in the safe and that's just for a rainy day
I'm in a three litre coupe
12 miles to the gallon
I bussed down my jewels, man they know me in Hatton
Getting lumped up for tools
But never will I lose
She drive me crazy, I still dress her up in Jimmy Choo's
Packs on packs, man this lemon never ends
I'll make calls, stay quiet, never get it from defence
23 hr lock down, they stressing who
I'm eating chicken on the wing, sipping sexy juice
Millions of views with no mixtape yet, hmmm
I'm just bothered if them bricks came yet
I blow this whistle like a football match
Louis V bag and some Louis kicks to match
Lock me in a cage, must think that I am insane
Long assed day, pour me up some lemonade

And by the way
Had me praying in my cell thinking to myself I need some better days
Man they trying with the boy, I think he must just wanna lose his face
I'm with flames
Flying down Stratty on the mains
H in the R8
No chains, Ima grow me some lemonade

Huh, Brodie had the lemonade
Couple call ups, I ain't even moved a muscle, quickest rack I ever made
Told you bill the hash and not the cali coz it's just a better wave
I tell it straight
Balenciaga runners on the main
I keep it set for different days
I preeyed the game
Need to have it locked like Ella Mai

Please don't kiss and tell
My shit off the scales
Planned on getting rid of me
But you failed
Trap I do it well
Got a bait face so I cannot make deliveries
Still I watch for [?]
And I'm swerving em
Born Shaolin with some killers up in Birmingham
I ain't even want it, somehow I'm still purchasing
I'm still serving 'em
It ain't permanent

Had the lemonade
Couple call ups, I ain't even moved a muscle, quickest rack I ever made
Told you bill the hash and not the cali coz it's just a better wave
I tell it straight
Balenciaga runners on the main
I keep it set for different days
