

## Regular

Ay Em

She buss it for me cuz she know I won't judge  
Leave it to me  
I'll have you shaking your legs when I'm  
Done  
When I pulled up  
Looking like I do better than my plug  
She be like ay  
This ain't normal now you are doing to much

Told her it's  
Regular regular regular regular  
Told her it's regular regular  
Turned to a boss from a peddler  
Middle man I make drink on side  
Regular regular regular regular  
Told em it's regular regular  
Need my stack looking irregular  
Irregular

If we ain't heard you  
Then brudda - we ain't serving you  
DAs what it's like  
It's hot now it's COVID I see the bacon  
They patrolling bro watch how you drive  
If we ain't heard of your  
Then brudda we ain't serving you  
DAs it how it goes  
Anything's for sale but my soul  
Anything's for sale but my soul

Got trust issues  
I was so low just woke up  
Me and being broke just broke up  
Me and being broke just broke up  
You want suttin Good it takes timing  
You get it from the mud you get diamonds  
Get a little money live private  
Gotta clean up like Dyson

I need you to pay me  
My an my khoyaaa we think alike  
Focus on money not people  
Cuz I never met a pound I didn't like  
Never met me a pound that I didn't love  
I didn't love  
Either love or it's lust but it's similar  
I got 5.0 behind me I'm sitting up

I need a loop hole  
Like Kevin gates I got two phones  
Still with the old AIN'T got new ones  
None of the bruddas around me are new bros  
Feel like I'm in space with the roof on  
Big belly I put on a few a stones  
My Darby if only you knew  
Still I'm about tryna find the solution

She buss it for me cuz she know I won't judge  
Leave it to me  
I'll have you shaking your legs when I'm done  
When I pulled up  
Looking like I do better than my plug
