

Seasick

Ay Em

I'm never fallin' in love, that shit had me in pieces
Tell her drop 'em my way, that will leave you all seasick
In the bando I'm way, in the bando I'm way
She won't be droppin' my way, that will leave you all seasick
Come and drop 'em my way, drop 'em drop 'em my way (seasick)
Now she wanna drop 'em my way, drop 'em drop 'em my way (I'm seasick)
Tell her come and drop 'em my way, drop 'em drop 'em my way (I'm seasick)
Now she wanna drop 'em my way, drop 'em drop 'em my way (seasick)
In the bando and I'm high, in the bando I'm high
In the trap house I get by, make bags and get fly
Trap house I make mine, trap house I make mine
We were juggin' juggin' on mine, had me sayin' oh my

Trap house where the dream
Woke up to a feen
Make the money or sleep
Get the grub out for cheap
Rocko Rocko he dead there
I'll be out here all day-day
There-there we there
Knock knock, make him knock knock trick or treat
Hand ting full of sweets
Broski let it beat
If you're giving any cheek
I'll be out here all day day
Runnin'-runnin' to the Ps man
Stackin'-stackin' to the ceiling
Grab a [?] for the weekend
[?] darling got another plan
Then I take you to the motherland
Need a ring be it rubber band
Say need a ring be it rubber band

Dodge jakes and just swerve
Can't afford being searched
Can't afford being searched, yeah

I'm never fallin' in love, that shit had me in pieces
Tell her drop 'em my way, that will leave you all seasick
In the bando and I'm way, in the bando I'm way
She won't be droppin' my way, that will leave you all seasick
Come and drop 'em my way, drop 'em drop 'em my way (seasick)
Now she wanna drop 'em my way, drop 'em drop 'em my way (I'm seasick)
Tell her come and drop 'em my way, drop 'em drop 'em my way (I'm seasick)
Now she wanna drop 'em my way, drop 'em drop 'em my way

Don't let me lose it on sight, I'm rollin' with her by my side
In case the feds wanna try me tonight
I'm weed only packs from the hive
I'm changing the gear from the 4 to the 5
Put the B-wagon behind me
I need to get rid of the pies b
Can you slide them up near your thighs b, inside b
I don't need a ban or fine b
I don't do jail man I'm nice b
You won't get caught you're the wifey
You can't lose the ting it's all pricey

I'm on my last G, I'm on my last G
She fell in love with the way that I get it gone
Oh, she fell in love with the way that I get it gone
Gotta get it gotta get it, money in abundance, money I'mma spend it
Sitting in the colours, I might tell the shotters, spin it, spin it, spin it

Sitting in the passy yeah, Huncho-Huncho haffi bill it
She wants to smoke uh, I'm telling that bitch just to pill it

Paper rides on a pedal bike gone spill it like children
