

Shooters

Ay Em

(It's 2 fvded on the drop)

Bro stepped in, left it bloody on the scene
In the drop-top with the hella shoo-shoo-shooters
Lookin' scary, comin' like it's Halloween
I need a d-d-diamond Rollie with the new flex
Ay, so much money chillin' in the suitcase
Ay, so much codeine, givin' me a toothache
Ay, dark, my life a movie, live in Blu-ray
Ay, don't want Prada, it's only been a few days

Every time I step out I leave blood upon the scene
If I ever did it, know I went and did it for the team
Always drippin', know when niggas always steppin' clean
Got some white girls out in Essex sayin' that a nigga's ream
Still live with my nigga Reamz
Kept the same circle, never switched up for the scene
Thousand on the jeans, still can't fit a thousand in these jeans
Crazy how a young nigga really came up off a dream
Bad B, double-D's, only rockin' double-C's
I can't hit her in the crib, so we go in DoubleTrees
Said she love me, but I swear a nigga's too in love with P's
I said she love me, but I swear a nigga's too in love with P's
My true V1, said bye to Zino, he's still reachin' for a kilo
Gave my nigga eight years and he was only doin' reloads
Fuck the judge, we're just showin' niggas love
Killed off for the clubs, and all I had to say was "The nigga is the plug"

Bro stepped in, left it bloody on the scene
In the drop-top with the hella shoo-shoo-shooters
Lookin' scary, comin' like it's Halloween
I need a d-d-diamond Rollie with a new flex
Ay, so much money chillin' in the suitcase
Ay, so much codeine, givin' me a toothache
Ay, dark, my life a movie, live in Blu-ray
Ay, don't want Prada, it's only been a few days

I need that GLE coupe
This ain't nothin' new, I swear I've always been that yute
Feds used to chase, always be in the pursuit
Nowadays award shows, same niggas in a suit
Or we doin' up tracky, never feelin' out of place
Put herð in a double one and now she's feelin' outer space
Those my brothers, I can never go and call them niggas friends
Call me '20 Bands', but when I drip the call me "River Thames"
Splash, destination is the cash
Any loss I've ever taken, hope you know I made it back
And if I ever take another, I'll just charge it to the game
Never gave up on the hustle through the hardship and the pain
If you make it out the ends, they'll probably tell you that you switched
I was focused on my grind while you was focused on a bitch
I was busy gettin' to it, I was out here gettin' rich
Nowadays I get bored, so I go and take a trip

Bro stepped in, left it bloody on the scene
In the drop-top with the hella shoo-shoo-shooters
Lookin' scary, comin' like it's Halloween

I need a d-d-diamond Rollie with the new flex
Ay, so much money chillin' in the suitcase
Ay, so much codeine, givin' me a toothache
Ay, dark, my life a movie, live in Blu-ray
Ay, don't want Prada, it's only been a few days

Uh, I don't want Prada, it's only been a few days
In the studio, I'm hittin' new waves
I can't fuck with you because you too fake
I'm on this beat with Ay Em and it's made by 2 fvde'
Gelato and the maggie got me too fade
Hundred percent money, I need it Tuesday
Swear there ain't no other way, there ain't no two ways
Came a long way from dingers and now it's coupés
