

Snowflake

Ay Em

I had a thick bad bitch on my side
She came looking like a snowflake
Yeah I need a thick bad chick on my side
Came whiter than cocaine
I'm a trap boy big bud on my line
A bigger bud than OJ's
Winter came along had to finish my flights
Yeah I'm coming for the whole cake

Ima need a G4 to trip all my bros
Trap feeling like Sosa
When we came along fuck the trap and my woes
We leaving litty like propane
Litty litty litty litty I'm a fly guy
With a shooter over there, that be my guy
Told me work is on the way it's in the pipeline
I been in and out the grub we come like Five Guys ayy ay
But it's all up
I fell in love with yay fell in love with the yayo
When we call up
Come correct with the grub come correct when I say so
Happy swervin'

On the grind, I, baby, I be serving
Cos I-I'm on the high-high baby yeahh
