Ay Em

Benz on the track

Pour a two 'cause shit harder, Hamdallah Muslim  
They got him locked, can't wait to pray salat together  
They went and shipped money up to Sweden  
We can't even break a pact together

So why's he lookin' at me, mean muggin'?  
He ain't talkin' like a plug, he hasn't got it  
Lemme see something  
Boy, it's a marathon I keep runnin'  
I said fuck you at the top  
'Cause when they look down, they see me comin'  
Yeah, yeah, they see me climbin'  
(Oh) Chasin' honeys, I be hivin'  
(Oh) I be stressin', but I keep vibin'  
(Oh) Don't show the pain and just keep smilin'

You decide, is this Heaven or it's Hell?  
See, this money have you goin' off the rails  
Still chase it, work came in  
Need a two P to see if there's a seven on a scale  
But fuck the two P, we ain't wishin' on a well  
I needed justice for the pack that's in the mail  
Bro stressin', gettin' ready for the cell  
He need to pattern 'cause the COVID gave him bail  
Thought we was hidin' in the matrix with the end gross  
'Til the agents come and raided with the trenchcoats  
They gave him ten and all they had was the Benzo  
Keepin' bros close and bitches in the friend-zone

So why's he lookin' at me, mean muggin'?  
He ain't talkin' like a plug, he hasn't got it  
Lemme see something  
Boy, it's a marathon I keep runnin'

They want it over, they ain't puttin' in the work  
Said it was the last time but the devil loves to flirt  
I only love her when she pullin' off her skirt (Mm)  
They only love you when you buried in the dirt  
It can cost an arm and leg if you have an arrest  
Don't get comfortable, nope, even on your best day  
Escape to a place that be far from the estate  
Why you bangin' up my phone, just give it a rest, mate

So why's he lookin' at me, mean muggin'?  
He ain't talkin' like a plug, he hasn't got it  
Lemme see something
