

# Over Night

Aya

Fly, sway, go all the way  
I'm in the same fate with you  
I feel your beat all around  
Wandering in the everlasting way

Forever...  
Tears fall, vanish into the night  
If I'm a sinner...  
Chivalry, show me the way to go

Rise, high, just feel alive  
Say a prayer for you today  
I still believe in your love  
Trace the shadow of truth into the dark

Forever...  
Tears fall, vanish into the night  
If I'm a sinner...  
Chivalry, show me the way to go

Wandering my crying soul  
Only you can wipe away my tears

Forever...  
Tears fall, vanish into the light...
