

Slippin'

Aya

Inside and out of mind
Instead and still without of lying
Life says to walk away
Somehow we always stay

I'm slipping stepping and falling
I've never known this kind of loving
I'm looking around in the middle
I take that you get what I'm giving
But I don't know why

Sitting on a lonely star
When you're too far I let you know
You don't have to ever walk alone
And I've got to let you know
When you're in the dark and you can't see
Little bit of love is all you need

Ha oh
Ha oh

Haunted by what you lost
This melody dominates your start
Feel I can touch the sun
I know you're the only one

I'm slipping stepping and falling
I've never known this kind of loving
I'm looking around in the middle
I take that you get what I'm giving
But I don't know why

Sitting on a lonely star
When you're too far away from home
You don't have to dance this one alone
And I've got to let you know
When you're in the dark and you can't see
Little bit of love is all you need

Ha oh
Ha oh

I'm slipping stepping and falling
I've never known this kind of loving
I'm looking around in the middle
I take that you get what I'm giving

Ah oh
Ah oh

Living for you baby
