

Blues

Ayanis

It's hard to love when ya scared to trust
It's hard to think when ya minds so stuck
Keep tell myself don't wanna talk too much
Sometimes I feel like I'm just not enough
So I be playing games with niggas
Sometimes
And tell 'em what they wanna hear
Let's be clear
Do 'em like they do us
Never look to the rear
And hurt a few ones
'Cause I always kept it real
And throw 'em in the friendzone
Type to leave yo mind blown
Late answering texts, I hate commitment
Never get to close
I make 'em miss it
Hard to preach the walls up on my heart ya know
Never let a nigga get too comfortable

And that's comfortable
Commitment issue
Fall in love you lose
Careful what I chose
Keep a nigga singing blues
Blues, blues

Ice me out
I need a brand new Chanel purse on my hip
If you want me stick around you got to light up my wrist
Love me good, you better keep me at the top of ya list
Try to hurt me
I'ma hurt you all my life, I promise

And that's comfortable
Commitment issue
Fall in love you lose
Careful what I chose
Keep a nigga singing blues
Blues, blues
