

Crash Out

Ayanis

Why is loving men so embarrassing
Doing shit you know bring out the worst in me
I was the sweetest girl before everything

You so lucky
I ain't just pull up at your house
I'm trying to calm down but
Fuck it
I might just
Crash out
Bout you
(You you you you you)
I might just
Have to cut you off
Say fuck it all and
Crash
I might just
Run through the wall and
Say fuck it all and
Crash
Crash
Say fuck it all and
Crash
Crash out

Ain't no playing in my face
You be on them mind games
I ain't even like you
When I met you in the first place
Luckily I walked away
I did that for your sake
I got a problem with just
Letting shit slide
I'm not on that tonight
No...
I'm trying not to get lost in
My intrusive thoughts so
Please don't piss me off

You so lucky
I ain't just pull up at your house
I'm trying to calm down but
Fuck it
I might just
Crash out
Bout you
(You you you you you)
I might just
Have to cut you off
Say fuck it all and
Crash
I might just
Run through the wall and
Say fuck it all and
Crash
Crash
Say fuck it all and

Crash
Crash out
