Ayanis

For the ones that's always in my business  
Come and gather 'round for a listen  
Honey, I ain't never been a mistress  
I don't spend no time up in my feelings  
Cause I got a whole lotta pretty (whole lotta pretty)  
Lil country girl in the city (in the city)  
Always on the go so they miss me  
Had to get two phones, been busy

Ready, ready, ready  
Full force, move steady  
Always on snatched like spaghetti  
I can show ya if you let me

Follow my direction  
Hands on my hips  
Slow whine, quick flip  
Paparazzi fightin' for a flick  
Turn around and blow a kiss  
Follow my direction  
Take it back now tick  
Let me see you run, don't quit  
Voguein' on the ground, lil bih  
Gotta work for the tip  
Follow my direction

You wanna know how I got your attention  
A gal be lookin' so expensive  
Now I be in the summer still trippin'  
You was with you tryna get ya pension  
There's tension  
Ya get it?  
I don't really care, I'm just livin'  
I don't really see no competition  
Reachin' out for a mention  
Wait a minute

Bending back like a drop top  
Bring it up slow shake it like a maraca  
All the boys staring so it's time for a pop-lock  
Puttin on a show, better give me what you got  
There's lust all in my head  
My body up in the air  
My lipstick is all smeared  
We might not make it outta here
