

Drip

Ayanis

Half a million on my way
24 Karat on my wrist
Press don't matter when you're rich
Let me show you how to drip
Let me show you how to drip

I'm all out when like twenty bad bitches, they just get me
We sip Louis, they drink Henny
How many dollars? I got plenty
Never see me in my feelings
Money calling, so just text me
Got a problem, don't effect me
Keep this piece in case they test me, whoa

Half a million on my way
24 Karat on my wrist
Press don't matter when you're rich
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip - show you how to drip
Let me show you how to drip (Big Latto)

I just turn this wrist I can't even see the clock
Go out on my own that where I keep the Glock
Pussy Fiji water faucet drippin' he gon' need a mop
Wifey got these diamonds dancin' on my do the Diddy-bop
I caught that Tek in a Tesla
Chokehold the game like a wrestler
I won't reply on the gram, but when I see you it's pressure
AMG cause I'm extra, if you step I'mma stretch you
Let me show you how drip
I'm Big Latto, the professor (Big Latto)

Half a million on my way
24 Karat on my wrist
Press don't matter when you're rich
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip
Let me show you how to drip - show you how to drip
Let me show you how to drip
