Ayanis

Hey, baby  
I miss you  
Let's be honest about, you know  
I got this feeling for you  
It's kinda like (Level up)

Boy, I'ma make you put my love on top  
Come over, baby, give me all you got  
I'm not like any other girl, don't wanna be your girl  
Pull up and I'ma make shit pop  
Took off everything but my Fenty top  
Whatever, boy, you want, I got  
Come on and make a wish, let's start it with a kiss  
And then we'll take it up a notch

Put your hands all on my body, my body, my body, body  
I'm feelin' kinda naughty, I'm naughty, I'm naughty, naughty  
Boy, it's your private party, your party, your private party  
I love the way we chill, you get me in my feels

When it comes to you and me  
It be feelin' like ecstasy  
Love the way that you be sexin' me  
It be feelin' like ecstasy  
Baby, tell me, what's your fantasy?  
Give you anything you want from me  
I just wanna feel you next to me  
Boy, your love is like ecstasy

Way you lookin', I just can't help but to stare (But to stare)  
Let me dance for you, go 'head, pull up a chair (Pull up a chair)  
With my permission, daddy, go 'head, take the wheel (Take the wheel)  
Come in closer, let me whisper in your ear  
No need to rush, just be ready for a thrill  
Simon Says, do everything that you hear  
Let me see it, I just wanna know it's real  
Take advantage, you can go in for the kill

Put your hands all on my body, my body, my body, body  
I'm feelin' kinda naughty, I'm naughty, I'm naughty, naughty  
Boy, it's your private party, your party, your private party

I'ma kick it off and bounce it, don't be scared to touch  
Keep it movin', baby, you ain't gotta talk too much  
Kitty, kitty purrin', come on, baby, talk to her  
Drop it down then pick it up, boy, put your all in her  
Slim thick, I'm just sayin' don't be scared to grab

You got everything that all these niggas wish they had  
Full court press on me, I'm assistin' that  
Couple rounds, take a break, then get back to that

When it comes to you and me  
It be feelin' like ecstasy  
Love the way that you be sexin' me  
It be feelin' like ecstasy  
Baby, tell me, what's your fantasy?
