Ayanis

I can't tell you how much I've cried  
Oh yeah, fuck is you thinkin'?  
I can't tell you how much I've tried  
Oh yeah, fuck is you thinkin'?  
Boy, it's crazy how much you lie  
Lie, lie, l-l-lie, lie, lie  
Fuck is you thinkin'?  
Cause I can't believe you let me go  
After I've been here you  
Haven't I been here for you?  
Fuck is you thinkin'?  
I got the realest shit on my mind  
I hate it when you staring all in my eyes  
Cause when it comes to love  
I've never been the type  
To fall for boys like you

Got your hands upon my heart (yeah)  
So why you hurt me?  
Why you treat me bad?  
I thought you said I was the best you had  
Best you had, best you had (yeah)  
Fuck a bitch and tell me she a friend  
I can't fucking comprehend  
Help me understand, help me understand (yeah)  
I'm so lit I'm punching on a wall  
I'm so lit I'm screaming fuck it all, fuck it all (yeah)  
So much potion in my cup  
Boy you don't deserve my love  
I'm moving on

Oh yeah, fuck is you thinking?  
I can't tell you how much I've tried  
Oh yeah, fuck is you thinking?  
Boy, it's crazy how much you lie  
Lie, lie, l-l-lie, lie, lie  
Fuck is you thinkin'?  
Cause I can't believe you let me go  
After I've been here you  
Haven't I been here for you?  
Fuck is you thinking?  
Haven't I been here?  
Haven't I been here?  
All the bitches you been fucking with  
Where have they been?  
Wasn't I a friend?  
Wasn't I confident?  
What about the life we built  
You act like I wasn't there  
Like I never even cared (yeah)

All those times I tried to make you love  
Should have never even got involved, not at all  
Not at all (yeah)  
Fuck a bitch and tell me she a friend  
I can't fucking comprehend  
Help me understand, help me understand (yeah)

I'm so lit I'm punching on a wall  
I'm so lit I'm screaming fuck it all, fuck it all (yeah)  
So much potion in my cup  
Boy you don't deserve my love  
I'm moving on
