

Me Too

Ayanis

Lookin' like a, new whip new money
I get it all mine they say ain't nothin you can do for me
And I see your miss calls when I'm available
Go ahead and take it personal, oh
You tried to play me, it ain't that easy

Betcha wanna know who I'm fuckin'
It shouldn't matter with nothin'
It's gonna hurt to see me in public
You can look but can't touch it
And I was like
So sad, the one ya momma liked
Played soft and walked right out ya life, oh
I told you it the last time's the last time

Know you're thinkin' bout me
Well I've been thinkin' bout me too
On there we gettin' a be-ee-ee
Cause I'm done thinkin' bout you
It's time I think about me too, too

One at a time
I discovered all your lies
And I followed all the signs
And they led me out your life
You thought that I was so predictable
You couldn't see me wanting more
I applauded at the door
Had enough didn't need an encore

Betcha wanna know who I'm fuckin'
It shouldn't matter with nothin'
It's gonna hurt to see me in public
You can look but can't touch it
And I was like
So sad, the one ya momma liked
Played soft and walked right out ya life, oh
I told you it the last time's the last time

Know you're thinkin' bout me
Well I've been thinkin' bout me too (I've been thinkin' bout me too)
On there we gettin' a be-ee-ee
Cause I'm done thinkin' bout you
It's time I think about me too

And I be like oh (If you see me in the streets, don't speak, don't speak)
And I be like oh (If you see me in the streets, don't speak, don't speak)
Pipe down baby hol' up
New guy got that soda
Oh baby, baby hol' up
And I be like la, la, la, la, la

Know you're thinkin' bout me
Well I've been thinkin' bout me too
On there we gettin' a be-ee-ee
Cause I'm done thinkin' bout you
It's time I think about me too

Know you're thinkin' bout me
Well I've been thinkin' bout me too
On there we gettin' a be-ee-ee
Cause I'm done thinkin' bout you
It's time I think about me too

And I be like oh (If you see me in the streets, don't speak, don't speak)
And I be like oh (If you see me in the streets, don't speak, don't speak)
Ha ha!
