

# No Coming Back

Ayanis

Once you over there it ain't no coming back  
Once you over there it ain't no coming back  
Coming back  
We started off with begging me for chances  
Then you had the nerve to take advantage  
But once you over there it ain't no coming back  
Coming back

You say you don't fuck wit so and so well tell me who I seen you with  
It's just funny how she popping up in my story I'm peeping shit  
One thing bout me I got plenty options like boy be forreal  
Like be forreal

Right on time I  
Have a way of finding out  
Things come to light  
I'm the one god don't play bout  
Gave you 10 tries  
Don't matter what you say now  
Fuck around and you'll found out

Once you over there it ain't no coming back  
Once you over there it ain't no coming back  
Coming back  
We started off with begging me for chances  
Then you had the nerve to take advantage  
But once you over there it ain't no coming back  
Coming back

You gotta pay for yo mistakes and I'm expensive, baby  
You gotta learn yo lesson real bitches is different, baby  
You gotta stand all on yo business it ain't complicated  
Even if it take a while it be

Right on time I  
Have a way of finding out  
Things come to light  
I'm the one god don't play bout  
Gave you 10 tries  
Don't matter what you say now  
Fuck around and you'll found out

Once you over there it ain't no coming back  
Once you over there it ain't no coming back
