

# Passenger Princess

Ayanis

Yes I wanna run errand with you  
Double R on the seat in the back of my pictures  
This some shit I'ma just pass on my Finsta  
Ain't no time on my mind when I'm with ya

Hands on my leg while you lane switch  
Stealing all your hood music for my playlist  
Toting that Smith & West, riding 285  
Passenger princess, I could be down for life

He call me his PSP  
Passenger seat princess me  
I be looking at you  
Smelling good, feeling good  
When I'm next to you  
Everything is what it should  
I wanna be your PSP  
Passenger seat princess me  
Let me take off my shoes  
Get back and relax  
I'm loving my view  
White toes on the dash

You know it's mine if I sit in that  
We could watch the stars all night if you into that  
This ride, I bet you remember that  
Make sure you got that 5% tint on that

Hands on my leg while you lane switch  
Stealing all your hood music for my playlist  
Toting that Smith & West riding 285  
Passenger princess, I could be down for life

He call me his PSP  
Passenger seat princess me  
I be looking at you  
Smelling good, feeling good  
When I'm next to you  
Everything is what it should  
I wanna be your PSP  
Passenger seat princess me  
Let me take off my shoes  
Get back and relax  
I'm loving my view  
White toes on the dash

Take me to your hood where I know you famous  
Baby, ain't it?  
Always by your side, I'm your trophy, ain't it?  
Baby, baby  
Take me to your hood  
Where they know it's dangerous  
Baby, ain't it?  
Always by your side, I'm your trophy, ain't it?
