

Uh, milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky
Milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky

Babe wanna stuff the crack
Give in to the lick, wanna suck the rack
Boy, hush your sack
I'm going in
Gag reflex? Bitch, think again
I go down on that big stick pop
Roll your balls, pull down the top
I'm hot like a burning pipe
If the dick don't fit then the dick ain't right
You suck
Boys suck it all, boys suck it down
I can suck it upside down
One skin, two skin, three skin, four
Four frat boys on the frat house floor, for sure
I'm sexy
Barely legal, come sex me
Erotica princess, gang bang queen
Got a mouth full of balls from the tennis team

Uh, milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky
Uh, milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky

Cocaine queen, milk under her nose
She want banana split and to feel her oats
And the pussy so good, she be castin' spells
Cross Ayesha once just to catch a nut
Bitch got more work than a sweatshop
Bobby bust more sweat than ten tops
Put the cereal first and then the milk
No blueberry puss, no Gargamel
And the pussy go meow, beat it like pat-kyow
Pour her like milk, make her heart go wow
Suck frosted flakes off my Dominican dick
Chupar mi leche on my Chorizo stick
Dessert for breakfast, I slay my section
Make a thug leak, and cum out a sentence
Lowkey best nut that he ever felt
Good furball, by the way got milk?

Milky, milky
Cream in the center so silky
Milky, milky

I can't get my mind off the milky
Milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky

On my mind, got dick on my mind
On my mind, got dick on my mind
On my mind, got dick on my mind
On my mind, got dick on my mind
When you get milky it makes me cum
Get over here boy, come get you some
When you get milky it makes me cum
Get over here boy, come get you some

Milky, milky
Cream in the center so silky
Milky, milky
I can't get my mind off the milky
Milky, milky

Milky, milky
I can't get my mind off the milky
