

Inside Out

Aynsley Lister

Caught in the firing line again, they wanna get inside my head
Filling the space I need to breathe, why can't they see

Caught in the firing line again, they wanna get inside my head
Filling the space I need to breathe, why can't they see

How can they say the things they do
Criticise me, treat me like a fool
Tell me just what it is I need, when they don't even know me

'Cause they can't just seem to wanna put it down
Yet still they preach knowing nothing about
What makes me tick when only you're the one yeah
The only one, who knows me inside out

Not content to leave alone
Talk about me like I'm their very own
They seem to think they got a right
To step into my life

'Cause the vultures seem to come from all around
They all seem so intent to bring you down
They say they really care but you're the one yeah
The only one who knows me inside out
Inside out, yeah inside out

'Cause they can't just seem to wanna put it down
Yet still they preach knowing nothing about
What makes me tick when only you're the one
The only one, you're the only one
'Cause the vultures seem to come from all around
They all seem so intent to bring you down
They say they really care but you're the one
The only one, you're the only one
