

# Let Him Go

Ayo Jay

Girl you're a diamond  
Girl you're a star  
So any other man that hurt you  
You don't want to fight  
You put the time in (time)  
You played your part  
So any man that lost you didn't know  
So nobody fine curse you  
You are such a lovely lady  
And I know that you deserve somebody nice  
Did I mention that I am single yeah  
I know you want the one  
So whenever you need one to talk to  
Call me lady  
You can always count on me yeah  
Girl if you want  
I can be your refuge  
I'll come to your rescue  
Girl I'm here to impress you yeah  
And if you need  
I can be your refuge  
I'll come to your rescue  
But first  
Girl you got to let him go  
Oh oh oh oh ohhh  
You should let him go  
Oh oh oh oh ohhh  
Girl you got to let him go  
Oh oh oh oh ohhhh  
You should let him go  
Oh oh oh oh ohhh  
Only if you let him go  
You argue every time it's becoming too much  
Always telling lies I will never do such  
I hope you realize that I'm not telling you to rush  
But he will tell you that he is sorry  
And he love you so much  
But how can anyone the love you do you so wrong  
And how can you just let it fly and let it go on  
And I can't wait for you to go and tell him "So long"  
He is a bloody moron  
Ah baby tell me why  
Black Jack baby tell me why why why  
Why you look sad every time  
Why you just go and tell him bye bye bye  
The same guy makes you cry cry cry  
Black Jack baby tell me why why why  
Why you look sad every time  
Why you just go and tell him bye bye bye  
The same guy makes you cry cry cry  
Girl if you want  
I can be your refuge  
I'll come to your rescue  
Girl I'm here to impress you yeah  
And if you need  
I can be your refuge  
I'll come to your rescue

But first  
Girl you got to let him go  
Oh oh oh oh ohhh  
You should let him go  
Oh oh oh oh ohhh  
Girl you got to let him go  
Oh oh oh oh ohhhh  
You should let him go  
Oh oh oh oh ohhh  
Only if you let him go  
Ohh yeah  
You should let him go my dear  
I'll hold you down no fear  
So you can tell him I ain't going no where  
I can never let him hold you ransom  
Particularly when I know that you are very awesome  
And you know I'm handsome yeah  
Then you know there ain't nothing I can't handle yeah
