

# Paranoia

Ayo Jay

Mm-mm yeah, yeah, woah, woah  
The thing just dey paranoia me, 'ia me  
Mm-mm yeah, yeah, woah, woah  
Because this fine

Shawty say she wants love, I said, "I ain't ready"  
But she don't know my paranoia is heavy  
So I said, "Baby, go slow and steady  
Don't wanna fall in love when I'm not ready"  
What if I didn't have no money  
Tell me, would you be there for me?  
I let the paranoia get the best of me  
I think I let the paranoia get the best of me  
Oh no

And me I no wan' leave but I don't know  
Don't want a case of I said so  
Baby, you can call me crazy but I know  
That me and you don't flow

Sometimes I be thinking that we're just fine  
Sometimes I be thinking that we don't rhyme  
'Cause don't nobody ever wanna waste no time  
That's the reason why I think about it sometimes  
Sometimes I be thinking to myself  
Say if I no drive Benz, would you still brag to your friends?  
These are the things that cross my mind only sometimes

Shawty say she wants love, I said, "I ain't ready"  
But she don't know my paranoia is heavy  
So I said, "Baby, go slow and steady  
Don't wanna fall in love when I'm not ready"  
What if I didn't have no money  
Tell me, would you be there for me?  
I let the paranoia get the best of me  
I think I let the paranoia get the best of me  
Oh no

And me I no wan' leave but I don't know  
Don't want a case of I said so  
Baby, you can call me crazy but I know  
That me and you don't flow

See I met her sometime back in December  
Chilling with my guys by the bodega  
Said that she's looking for a defender  
But I don't know if I'm dealing with a pretender  
See I think this girl is tryna finesse me  
She's already asking for Giuseppe  
Say you want love 'cause I get plenty  
But shey gonna love me when it's empty?

Shawty say she wants love, I said, "I ain't ready"  
But she don't know my paranoia is heavy  
So I said, "Baby, go slow and steady  
Don't wanna fall in love when I'm not ready"  
What if I didn't have no money

Tell me, would you be there for me?  
I let the paranoia get the best of me  
I think I let the paranoia get the best of me  
Oh no

And me I no wan' leave but I don't know  
Don't want a case of I said so  
Baby, you can call me crazy but I know  
That me and you don't flow
