

Fallen Angels

Ayo & Teo

If I'm gonna die or ever be a sacrifice
I want to make sure that my life
Made at least five million kids happy
Or they found some sort of answers or resolved in my life

Said you wouldn't walk away
I know i make it hard to stay
The devil make it hard to pray
Hit the climax okay
Burning holes, fallen souls
Ice on my wrist so I stay cold
Chosen for the fame
I'll make sure you know my name
Burning holes, fallen souls
Ice on my wrist so I stay cold
Chosen for the fame
I'll make sure you know my name

I'm not chosen for the flames
Fallen angels in my way
I'm not chosen for the flames
Fallen angels in my way
Quit revealing your spell
Know this feeling too well
Quit revealing your spell
Know this feeling too well

I feel it I feel it I feel the devil watching me
I hear it I hear it I hear the voices calling me
I see it I see it I see that person stalking me
These demons these demons they starting to get onto me
A lot of darkness need some light to it yeah yeah
I tried to hide I tried fight all of these souls
This fire inside trying to ignite baby, yeah yeah
I'm scared I don't know where to go
Fallen angels, fallen souls, fallen hopes, fallen goals
I keep it real since day 1 I ain't never gone fold
Use to sleep on the floor, no heat in the cold
Extra blankets kept us warm so I ain't never letting go
Stay deep and silent like a pack raccoons
Like dirt on a carpet, I need a vacuum
Chosen for the fame nobody asked you
Chosen for the fame nobody asked you

I'm not chosen for the flames
Fallen angels in my way
I'm not chosen for the flames
Fallen angels in my way
