

# Just Like I Can't

Ayo

All of my dreams  
Burst like a bubble  
Leavin' me with nothing  
But a whole lotta trouble  
I'm tempted to just close my eyes  
Pretend it ain't real  
But pretendin' to be blind  
Won't change the way I feel

A waste of my time  
Like tap water runnin' down the drain  
Didn't get to fill my cup  
And now I'm the one insane  
I can't think of a name you  
Didn't call me  
But when you said it was worse than her  
That did it for me

And just like I can't  
Turn night into day  
Just like I can't  
Tell the ocean to obey  
Just like I can't stop a river  
From runnin' into the sea  
I can never make you love me

And sure I could tell you  
All the things you'd like to hear  
Paint the perfect picture  
Step up a gear  
Talk a certain kind of way  
Act like a real lady  
But that won't change  
The way you feel for me

I could dress up every day  
And even dye my hair  
But you won't notice  
'Cause you don't even care  
Pay your phone bills  
Buy you new shoes  
But I can't [?] love me  
The way I love you

And just like I can't  
Turn night into day  
Just like I can't  
Tell the ocean to obey  
Just like I can't stop a river  
From runnin' into the sea  
I can never make you love me

Never  
Never  
Never
