

Royal

Ayo

When I thought I was a failure
When there was no love for me
When all I had was a prayer
No friends, no family
You gave my life a meanin'
You set my soul free
You touched me with your glory
It's why you'll always be

Royal to me
You are royal to me
You're way more majestic
Than any king could ever be
You are royal
Royal to me

When I was too hurt to feel
You washed away my pain
Through your words and mercy
My heart was set to heal
You spared me from the darkness
Gave me a light to shine
You put your blessings on me
I know your love's divine

You are royal to me
You are royal to me
You're way more majestic
Than any king could ever be
You are royal
Royal to me
Royal to me

When I was lonely, when I felt weak
You were the ground beneath my feet
When I felt hopeless, down and rejected
You gave me reason to believe
And when I was broken, when I was lost
You taught me to love again and trust

You are royal to me
You are royal to me
You're way more majestic
Than any king could ever be
You are royal
Royal to me
Royal to me
Royal to me
