

Feel It

ayokay

You're somewhere out there
In another life
Your shadow on the sand
In a blanket of light

Tell me you feel it
The motion around
Eyes to the ceiling
It's coming down

Tell me you feel it

I picture the smile
In the paint of dusk
I hope you feel light
As you dance in the dust

Tell me you feel it
The motion around
Eyes to the ceiling
It's coming down

Tell me you feel it
