

Less Alone

ayokay

I saw your parents last month
Thought they spent winters down in Florida this time of year
Asked them if you were having fun
But based on your photos now of you and him it's kinda clear

I hope next year I'm less alone
I'll find someone I can bring back home
Bring back home
Bring back home

I think it's funny we both left
We always said we couldn't take this city's pace of life
Came home to Michigan again
If I spend more holidays alone I'll probably lose my mind

I hope next year I'm less alone
I'll find someone I can bring back home
Bring back home
Bring back home
