

# One In The Same

ayokay

I just want somebody else  
Baby, you're so shallow  
I threw your burdens over myself  
Just to fall beneath your shadow  
Tell me not to go  
I'll be up all night with the radio on hold  
Drink the pain away, makes the life around me slow  
These shades of yellow don't see you cry  
They just paint your ways

I was hoping you'd change  
Now you're stuck in your ways  
And I was hoping you'd change

Girl, you're just like me  
No apologies  
Got no place to me  
Honestly, you and me are one in the same  
Once we pick our side  
We don't compromise  
We're too much alike  
It's not on me  
Honestly, you and me are one in the same  
(You and me are one in the same)  
(You and me are one in the same)

I can tell that you're checked out  
Do you care that I'm suffering?  
Probably things you and I should confess now  
Broke something into nothing

You say I should go  
I'll be up all night, television on hold  
The time is getting late and this bed is getting cold  
These shades of yellow don't see you cry  
They just paint your ways

I was hoping you'd change  
Now you're stuck in your ways  
And I was hoping you'd change

Girl, you're just like me  
No apologies  
Got no place to me  
Honestly, you and me are one in the same  
Once we pick our side  
We don't compromise  
We're too much alike  
It's not on me  
Honestly, you and me are one in the same  
(You and me are one in the same)  
(You and me are one in the same)

Girl, you're just like me  
No apologies  
Got no place to me  
Honestiy, you and me are one in the same
