

Somewhere

ayokay

When I met you
You & I
I'll never let go of
That patient smile
I had to get through
Get through the night
Tried not to tell you
How it felt inside

Your eyes get stuck in my head
And I can't keep from losing my edge
If I can't hold you close
I want you to know

You're somewhere on my mind
You're somewhere on my mind

Can't forget you
Even I
Can't find the words for when
I feel so high
I could get through
Get through the night
If I could have you
For the rest of my life

Your eyes get stuck in my head
And I can't keep from losing my edge
If I can't hold you close
I want you to know

You're somewhere on my mind
You're somewhere on my mind

You're somewhere on my mind
