

Swing Swing

ayokay

(Swing swing) when you're hurting
(Swing swing) at me
(Swing swing) till you're certain
That you're in the right company

Say what you want to for once
Say what you mean
'Cause you're trying to be perfect
But now it's time to be free

So baby, do like you do
Like you're running for the truth
'Cause they take too much
If you feel how you feel
Like there's no way left to heal
Then I'll take your punch

(Swing swing) when you're hurting
(Swing swing) at me
(Swing swing) till you're certain
That you're in the right company

Oh, how fast they leave
When you mention your disease
I can't stand how they look at you
Oh, when all them go
I won't leave you here alone
Maybe that's when you'll start seeing me

So baby do like you do
Like you're running for the truth
'Cause they take too much
If you feel how you feel
Like there's no way left to heal
Then I'll take your punch

(Swing swing) when you're hurting
(Swing swing) at me
(Swing swing) till you're certain
That you're in the right company

(Swing swing) when you're hurting
(Swing swing) at me
(Swing swing) till you're certain
That you're in the right company
