

1942

Ayra Starr

Might have it all
But Imma need some more
Time pass fast already gone
Shoot to kill but I don't mean to hurt nobody
I just do this for fun

We in the pool
With a bottle
1942
Inna the buckle
The feelings good
Hot water bubbles
There's money in the duffle
Get another one

This moment makes it all worth it
All the time we put into the job
My First time scratching pass the surface
Make me realize

I don't wanna lose

Scared that maybe one day I might loose it all
Can't let the negativity to win the brawl
One day Imma back know I did it all
Instead of bad thoughts I ma bask in the glory of God's work

With a bottle
1942
Inna the buckle
The feelings good
Hot water bubbles
There's money in the duffle
Get another one

This moment makes it all worth it
All the time we put into job
First time scratching pass the surface
Make me realize

I don't wanna lose
