

Control

Ayra Starr

Ladies and gentlemen
It's my pleasure to introduce to you
The beautiful Ayra Starr

How far
Some ice with my lips on a cup
Sauced up
I don't see the love, do you
So many eyes in the room
But I got my eyes on you (On you)
Tell me what a bitch can do

It's something that you are
It's nothing that you say
It's just the way you say it
I'm giving you a way in

I'm lit tonight
You know my lips lie
I want you to take control
Right now (Right now)

I'm lit tonight
You know my lips lie
I want you to take control
Right now (Right now)

One move and your body rock
Chest tattoo and your body chop
I've been breaking rules and you got me turning
I need you yeah yeah
Don't let the night
Come to an end
I've been dirty drinking again
Turn it up, I'm on 10
Baby

It's something that you are
It's nothing that you say
It's just the way you say it
I'm giving you a way in

I'm lit tonight
You know my lips lie
I want you to take control
Right now

I'm lit tonight
You know my lips lie
I want you to take control
Right now (Right now)

One shot you give me the count
Two-night we making it bounce
Move in and move it around
La da le de di di da

One shot you give me the count
Two-night we making it bounce
Move in and move it around
La da le de di di da

Let me hear you say: Go Ayra, go Ayra, go
Go Ayra, go Ayra, go
Let me hear you say: Go Ayra, go Ayra, go
Go Ayra, go Ayra, go
