

# Karma

Ayra Starr

Broken inside, he left me for another  
Surrendered my truth but that didn't tend to stop him  
Karma where you at? Just give me what I gave him  
Love with no stress, love to the end  
Love me when you remember  
He tends to mess with my mind  
He fucks with all of my girls  
But karma what goes around comes around  
Why ain't he by my side?  
Bad guy, bad guy, you be bad guy  
If I show am the paper, him go dey act well  
But he still left me for Dana  
Dana let him go said, "Farewell"

Karma you're such a good lover  
You're such a good lover  
Karma you're such a good lover  
You're such a good lover  
Always there to hold me  
Always there to hold me  
Tell me I won't be lonely  
Always there to hold me

Make e no be like say I just dey talk  
You wan dey form hard guy when you know what's up  
Just because you're a guy, you don't think it's wrong  
Now you know how I felt with all your scum  
Bad guy, bad guy, you be bad guy  
If I show am the paper, him go dey act well  
But he still left me for Dana  
Dana let him go said, "Farewell"

Karma you're such a good lover  
You're such a good lover  
Karma you're such a good lover  
You're such a good lover  
Always there to hold me  
Always there to hold me  
Tell me I won't be lonely  
Always there to hold me  
Hold me

You make me higher  
Higher than the fire  
Higher yayayaya  
You make me higher  
You make me higher

Karma you're such a good lover
