Follow follow...  
(Louddaaa)

Follow follow me  
Follow me to Italy  
Hold me tight, never leave  
Never leave, never leave me

We go roll roll roll  
Them go know know know  
No be low low low  
Baby make we show them

Maybe you can be my baby  
Up and down with you crazy  
Everybody knows  
Memories don't die  
Maybe you can be my baby  
Up and down with you crazy  
Everybody knows  
Memories don't die

Na you be the koko  
I've known since I met you  
Your love makes me loco  
Your smile makes me smile  
Never on my own  
Got your pictures on my phone  
Oh baby  
It's you and me for live  
Never leave your side

We go roll roll roll  
Them go know know know  
No be low low low  
Baby make we show them

Maybe you can be my baby  
Up and down with you crazy  
Everybody knows  
Memories don't die  
Maybe you can be my baby  
Up and down with you crazy  
Everybody knows  
Memories don't die

Follow follow me  
Follow me to Italy  
Hold me tight, never leave  
Never leave, never leave me

Memories don't die  
Memories don't  
Memories don't die  
Memories don't  
Memories don't die

Maybe you can be my baby  
Up and down with you crazy  
Everybody knows  
Memories don't die
