Ayra Starr

London!

Inside, inside  
Many tings dey go on inside  
Midnights, sea vibes  
Na wetin my soul dey need now  
Wanna get wild, tonight  
It is never late for me time  
Inside, inside  
Many tings dey go on inside

I kala no kala me I go counter  
You love me, I love you, Nakupenda  
Make nobody bother me, no go answer  
I get it, I get it, no accident

No drama, no never  
Kiant catch my antenna  
But if sapa no dey how  
You go value raba  
You know!

Inside, inside  
Many tings dey go on inside  
Midnights, sea vibes  
Na wetin my soul dey need now  
Wanna get wild, tonight  
It is never late for me time  
Inside, inside  
Many tings dey go on inside

I tell her I love her, she know I mean it  
I'm the one that help you pick up the pieces  
Speechless, always on point like a thesis  
Sound like a fiend but I need it  
Inside, inside  
Not for the drama, no fight  
I'm from the big side, zone 6 side  
I got you pulling up for a midnight  
Rendez-vous mama  
Nirvana  
No accident, no drama  
No never our problems

I got looking for a star and it's midnight  
The picture getting clearer  
Time going by, now I'm looking in the mirror  
The bigger the fear is the more I really feel it  
Me time, you time, good for the spirit

I kala no kala me I go counter  
You love me, I love you, Nakupenda  
Make nobody bother me, no go answer  
I get it, I get it, no accident

No drama, no never  
Kiant catch my antenna

But if sapa no dey how  
You go value raba  
You know!

Inside, inside  
Many tings dey go on inside  
Midnights, sea vibes  
Na wetin my soul dey need now  
Wanna get wild, tonight  
It is never late for me time  
Inside, inside  
Many tings dey go on inside

Come on  
Come on  
Come on

Come on  
Come on  
Come on  
Come on  
Come on  
Come on
